Climbing Trees

Claud

This must be the place
You've been going everyday
I've been sitting wondering
While the chair is crumbling

I swallowed it all up to make you feel more comfortable
There's pieces of myself scattered all over the floor
I'm packed up in boxes but I couldn't tell you why
I'll miss you tomorrow and tonight

I like sleep to disassociate
I like trees to hold my weight
When I see you I climb all the way
To the top branch and hang there till I can't anymore

Sleep to disassociate
I like trees to hold my weight
When I see you I climb all the way
To the top branch and hang there till I can't anymore

Trying not to be scared of
Every little thing
But my nails dig deep into my leg
When I can't comprehend

I'm here in the evening, wanna be there in the morning
I'm starting to feel like maybe we should stop ignoring
Elephants are roaring and it's getting to my head now

Maybe that's just something that I took this afternoon
I can't tell the difference when I'm waiting here for you
The roof is caving in and I'm not feeling like your rock anymore

I like sleep to disassociate
I like trees to hold my weight
When I see you I climb all the way
To the top branch and hang there till I can't anymore

Sleep to disassociate
I like trees to hold my weight
When I see you I climb all the way
To the top branch and hang there till I can't anymore

I'm here in the evening, wanna be there in the morning
I'm starting to feel like maybe we should stop ignoring
Elephants are roaring and it's getting to my head now

I like sleep to disassociate
I like trees to hold my weight
When I see you I climb all the way
To the top branch and hang there till I can't anymore
