

Overnight

Claud

I fell in love like a fool overnight (Ooh-ooh)
I fell behind, can't keep up with real life (Ooh, ooh)
And all the time spent with you in my head (ooh-ooh)
Turned into things that we finally did, overnight

Overnight

You and me
At the pizza place
After the party
Ended real late
I thought that you would never finish the slice on your plate
But then you leaned in and the nerves went away (Ooh-ooh)

I fell in love like a fool overnight (Ooh-ooh)
I fell behind, can't keep up with real life (Ooh, ooh)
And all the time spent with you in my head (ooh-ooh)
Turned into things that we finally did, overnight

Overnight

Overnight

Poured you a cup
Of black coffee
When you woke up
Now the rest's history
I know that I jumped into your arms so quick
But everything feels better when you jump right in (Ooh-ooh)

I fell in love like a fool overnight (Ooh-ooh)
I fell behind, can't keep up with real life (Ooh, ooh)
And all the time spent with you in my head (ooh-ooh)
Turned into things that we finally did, overnight

Overnight

(Like a fool overnight)

Overnight

(Like a fool overnight)
