

Rocks At Your Window

Claud

Slow down
You don't need to go down
Every time he needs picking up

What now?
You never ask me out
Don't even ask me how I've been
Dealing with the heartbreak
Bet you didn't equate
The lack of you with pain

Won't you tell him to go
I know you don't like to be alone
When you get sad
I'll be throwing rocks at your window

Oh
Oh
Window
Oh
Window
