

## Rollerblades

Claud

Stuck out in Illinois  
It gets real old and boring  
Thinking 'bout you every day  
It's the opposite of growing older  
I think I'm getting smaller  
In every single way

Ooh, baby baby  
I need a little piece of you  
To cheer me up  
Right about now  
Ooh, honey honey  
I need a little company  
To cheer me up  
When I'm knocked down

Have you ever been to California?  
I'm having dreams where I am  
On my rollerblades  
They're going fast and I can't slow them  
No, not until they stop themselves  
When we get to LA

Ooh, baby baby  
I need a little piece of you  
To cheer me up  
Right about now  
Ooh, honey honey  
I need a little company  
To cheer me up  
When I'm knocked down

Ooh, baby baby  
I need a little piece of you  
To cheer me up  
Right about now  
Ooh, honey honey  
I need a little company  
To cheer me up  
When I'm knocked down
