Claud

I'm a party in the village you make fun of with your friends  
But you show up time and time and time again  
I'm the drink that you keep filling and spilling on your hands  
You can clean it up like nothing happened

Plastic trophies lined up on the shelf  
Here's to hoping they were something else

You keep the lights down low  
Keepin' your eyes closed  
But it won't change the feel of my body  
When you say my name  
It don't hold the weight  
Like it does when you talk about Tommy

Touch my body like I'm Tommy  
Touch my body, pretend I'm Tommy

There was a guy at the casino  
He was convinced we were just friends  
You said that he was flirting  
I couldn't see it then

There was the time you wore the jacket  
I asked if it was new  
You tried to lie and hide  
Who gave it to you

Dust the trophies lined up on the shelf  
Hard to know me when you see someone else

You keep the lights down low  
Keepin' your eyes closed  
But it won't change the feel of my body  
When you say my name  
It don't hold the weight  
Like it does when you talk about Tommy

Touch my body like I'm Tommy  
Touch my body, pretend I'm Tommy

Ooh, ooh  
Ooh, ooh

You keep the lights down low (lights down low)  
Keepin' your eyes closed  
But it won't change the feel of my body  
When you say my name (say my name)  
It don't hold the weight  
Like it does when you talk about Tommy

Touch my body (body) like I'm Tommy (Tommy)  
Touch my body (body), pretend I'm Tommy
