

**ur so perfect.**

**Claud**

Take a shower  
Take off your shoes  
Take a break  
I'll still love you  
Call me later  
Just to talk  
Nothing special  
Where'd we leave off?

And I don't deserve this  
You're so very perfect  
My mind it just can't comprehend  
And I didn't meet you on purpose  
But now you're my very best friend  
Even when it feels like the world might end  
I've got your time to spend

I love the way we  
Go out dancing  
And the way we  
Stay inside  
I miss you often  
Can't explain it  
Sometimes I just  
Have to cry

I don't deserve this  
You're so very perfect  
My mind it just can't comprehend  
And I didn't meet you on purpose  
But now you're my very best friend  
Even when it feels like the world might end  
I've got your time to spend
