

# Fire & Ice

Claude Kelly

Oh, yeah, Oh, Oh, yeah, Oh

[Verse:]

Baby, don't rush  
We got so much time for what's comin' up  
Relax, slow up  
Want you to really feel this love (yeah)  
And we gotta mend that 'cause we should be hoping this ain't about it  
It's all about us  
Let go  
Want you to enjoy every place that I touch

[Chorus:]

Want you to feel  
Fire and ice  
Every extreme  
Body and eye  
Want you to see me  
Melt to the floor  
You think it's over  
I think it's some more  
Gonna make it hot 'til you burn  
Then I'll be with cubes like an iceberg  
Fire and Ice  
Want you to feel  
Fire and ice  
Want you to feel  
Fire and ice

[Verse:]

Baby, slow down  
Give me a chance to show you what I'm about  
Let the lights go out  
Go get it girl  
Say it down  
And I got a cowboy and she ain't on my mind  
Thinking bout your hips I'm thinking bout your thighs (Oh yeah)  
Girl you gone love me when I turn you out

[Chorus:]

Want you to feel  
Fire and ice  
Every extreme  
Body and eye  
Want you to see me  
Melt to the floor  
You think it's over  
I think it's some more  
Gonna make it hot 'til you burn  
Then I'll be with cubes like an iceberg  
Fire and Ice  
Want you to feel  
Fire and ice  
Want you to feel  
Fire and ice

[Verse:]

What I got for you will make you smile  
Will turn you right around and make you cry  
You keep this thick in my ears so right  
Then scream my name out loud  
I'll be oh so sorry bee  
And turn it up till you just can't breathe  
I want you to feel every part of me

[Chorus:]

Want you to feel  
Fire and ice  
Every extreme  
Body and eye  
Want you to see me  
Melt to the floor  
You think it's over  
I think it's some more  
Gonna make it hot 'til you burn  
Then I'll be with cubes like an iceberg  
Fire and Ice  
Want you to feel  
Fire and ice  
Want you to feel  
Fire and ice

Yeah  
Fire and ice  
Yeah  
Fire and ice

[Chorus:]

Want you to feel  
Fire and ice  
Every extreme  
Body and eye  
Want you to see me  
Melt to the floor  
You think it's over  
I think it's some more  
Gonna make it hot 'til you burn  
Then I'll be with cubes like an iceberg  
Fire and Ice  
Want you to feel  
Fire and ice  
Want you to feel  
Fire and ice
