

When I'm High

Claudia Valentina

Mm, fuck what you think
Heels in the sky, heading back to the places I shouldn't have been
We could get high, don't really know you, but we could be friends
What flames you got? 'Cause I'll take a lot

Eyes closed, feeling seasick in this Chevy
I'm a lightweight, but my breathing's kinda heavy
Now I'm running through this money I've been saving
Don't chat with me, try to change my mind
Spinnin' till my head gon' need a pavement

I like to fuck when I'm high
Do drugs when I'm drunk
I might sober when I die
Don't tell them what I done
I might re-up my supply
I'm only twenty-something
Think I might give this a try
Put X's on my tongue
See what it feels like

I don't really know what I'm chasing
But don't make it stop
Damn, this shit feelin' amazing
I only fuck when I'm high
Do drugs when'm drunk
I might sober when I die
Don't tell them what I done

See this gloss on my lips, you should kiss it
Two seats and a whip, hands on a mission
Me and my bitch in the lane, go ballistic
Eight ring, shovel rings on some pimp shit
I don't need your money, you can fuck off with that simp shit
Eight side, gotta fuck with my tune
Baseline, see these bitches gon' move
On my E's up when I pull up to the ends
Didn't count it 'cause I got it from a friend

I like to fuck when I'm high
Do drugs when I'm drunk
I might sober when I die
Don't tell them what I done
I might re-up my supply
I'm only twenty-something
Think I might give this a try
Put X's on my tongue
See what it feels like

I don't really know what I'm chasing
But don't make it stop
Damn, this shit feelin' amazing
I only fuck when I'm high
Do drugs when'm drunk
I might sober when I die
Don't tell them what I done

Hello, bitch

Hello

Oh, hello, okay, who are you, what the fuck?

What is it? Why are you calling me on a no caller?

This is so true I've had like many people have been saying that I've had no caller, but anyways

Don't ever call me on a no caller I'm an impaler, I'm a boy

Sir, sir, I really love you, um, I just wanted to say, while I'm on, I'm finishing the one on my song, and basically this is the outro
