Top Amiri, I came from the gutter  
Talk bread, but ain't got no butter  
Opps near me, but so is my cutter  
Blue lights in the rear, then I'm cuttin'  
Couple man don't want me to come up  
Someone tell up that I'm comin'  
I was in jail, just waiting for freedom  
Gov's buss my door, I couldn't believe it  
I was only in jail for the autumn  
Free my nigga, try rip out his organs  
Told Jay, "I need waps for caution"  
I don't even care if he wanna extort me  
Need a pair, a crack by the morning  
2 A.M., still baggin' up, yawnin'  
He was rappin' 'bout the block that I'm from  
But had nuttin' to say when I caught him  
They put me in prison for why?  
Fresh home, I still got my knife  
In my cell with a smile on my face  
No stress, I still got my life  
Jerk a box, just got with a three  
No stress, I still got a .9  
Say my name in freestyles  
But make sure you make a wish to get a reply  
If I buy her the shoes she might think I'm a simp  
I promise it's not even that  
Why you trippin', you're not even gang?  
How you trappin', ain't got any racks?  
When it's beef niggas phonin' my phone  
'Cause they know I'll be there in a flash  
And if I had a Mali in jail would've fucked herself everyday on my snap

I never knew my neighbour was a fiend  
Would of put her in my phone, booked ages ago  
Bro sent me a ting on the gram  
But I chinged up her boyfriend ages ago  
I knew you was cappin' from ages ago  
I was peb wrappin' from ages ago  
Don't click, I pay for my clothes  
Tell a cat, "No ticks", gotta pay as you go
