

# Mad About Bars

Clavish

Lucky that I changed my outfit  
Would've got blood on my brand new tracky  
One week straight in the same tracksuit  
Like ain't it obvious I'm trappin'  
Got something on me in my pocket  
Nah bro it ain't obvious I'm lackin'  
When I start doing shows can I bring along joe  
I don't know, he's a bit too active

Lucky that I changed my outfit

One week straight in the same tracksuit  
Like ain't it obvious I'm trappin'

When I start doing shows can I bring along joe  
I don't know, he's a bit too active

Growing up it was dixy  
That's four wings and chips with my brodies  
Now I'm out of ends  
That's uptown eating shrimp with some ravioli  
Same shit but a different day  
I'm getting kinda bored it's weak  
Gally keep calling me cute  
They don't even know how much niggas I've bored this week

24/7 I grind  
Sometimes I feel like I trap in my sleep  
Ring trap I've been linking Alex  
That's how I got me them Alex Mcqueens  
Ring trap I've been hitting Jamie  
That's how I got paint splash on my jeans  
I'm in the pagan zone just lurking  
In all black like Nanny Mcphee

Grandma found a pack in my room now she's mad for true  
I'm just there like nanny oh please  
Got the baitest face in this bait estate  
With bro and a swammy on me  
Feds showing concern about teeth  
Cah he built a two bagger, they lying in three  
Crash got a link for some boxes  
But the plug don't know that we ain't coming with P's

In the trap with some TT light  
But this light more yellow than Lisa's husband  
And the bobby's dirty, more than certi  
Make sure the fiends can't function  
AP still snatching watches  
Last week he just took him a mortgage  
Hard food for sale  
Not the type that you sit down and eat with ackee and swordfish

Last time I made something [?]  
I saw more red than an Arsenal game  
Feds tryna intreview

Nothing like breakfast club with Charlemagne

If you're talking pounds I get mine  
Before rush hour that's the best time  
My next bro love sliding  
Every time we ride on them yutes  
Now he's living his best life

Got a dope ting from the West side  
Lives not that far away from trapstar  
She already know I'm a trapstar  
Them man down the road on trap march

Talk bands but them man there bankrupt  
So you're smoking more than weed  
If you think them man got a smoke like cancer  
Hoopty there cost more 18 hunna  
You know like that song with Headie and Dave  
Let's grab it and change the plates  
Change the plates
