Who done it worse than us? Can't go back to servin' up
Old friends got nothin' to say in person, but, on the 'net they be talkin' u
p
Had a dream they was 'tent, they was chalkin' it up
Next day, I see BH borin' it up
I'm still top two when it comes to puttin' in dirty work, done more than eno
ugh
Top two when it comes to scorin'
Top two when it comes to pourin'
Top two when it comes to puttin' on black and wettin' up opps in the mornin'
Top two when it comes to opp block tourin', I don't know why you're talkin'
Still top two when it comes to lettin' it run on paigons that you caught wal
kin'

Twenty pound each for the laces, but, Tae can pattern me three for fifty
Step with my chain out, everyone shifty
You ain't never caused no Section 60
Section 18, done him up quickly, tickin' my local spender
If your bine or blade weren't lit when it mattered, you can't be a close con
tender
That was a cold December
Get nicked, and I won't remember
If you're not puttin' no IC3 on your knife, put an IC3 in the blender
Bro try chef shitface in his head, but why not go for somewhere tender?
Out of curiosity, ain't no one gonna ride for their member
019 it was me, probably the reason your mum said, "Stay at home"
Spinnin' the block, don't bring my phone
Rimowa, of course, we came with the chrome
Ain't gotta phone no one, like, "Can I borrow your guns," I don't gotta watc
h my tone
Or, tone it down, if I left that one alone, would've been at Rolling Loud
Still tryna put someone's son in the clouds, bringin' my pipe on tour
'Cause I don't know who I might spot in the crowd
You go there later, I'm goin' there now
Get a third one, or take it trial
But, I might be gone for a while
I'm still top two when it come to drillin', say that I'm not, then you're in
denial

How can I be homophobic? What, just 'cause my man's not rollin'?
Really caught dookie strollin', had his shank, but, I'm why there was a poki

n'

Don't make sense tryna mention my name same time that you're trollin'

Neck shot, chokin'

Girls say I'm a joker, in a stolen car, just know, I'm not jokin'

The mandem say that I need me a girl, but, really, I need me some .32 autos

Let them sit right next to your cornrows

He ain't shot no one, but, I thought so

I ain't tryna be a boss on my block

When I was in jail, my opps try put put some chicken change on my head

And, I found that cute, I can more than double the guap

Who's scorin' points and puttin' up shop?

....'s a victim, same time snitchin'

If my music starts declinin', tell Big K, "Link me in the kitchen"

I hate when girls act like they love street shit

Tell them to lock my ting, and they're flinchin'

Snow ain't puttin' no tips in

No tip, by the time that he's done, he's fistin'

Top two when it comes to drippin', all the Ps that I blew on Chrome Hearts

Could of bought me a .44, long .32, 1 Matic, and probably a Smithen

Got no problem buyin' the dingers

But I hate when the cars just sit there catchin' dust and tickets

Why I buy them, just make sure that you're spinnin'
