

(Odzz, you're a bad boy)

I been tryna stay away from your good looks (Good looks)
But I been tryna stay up in your good books (Good books)
Got that recipe, I don't need no cookbook (Cookbook)
You already know that I got that good, good (Good, good)

I been tryin', tryin', tryin' (Tryin', tryin', tryin')
I been tryin', tryin', tryin' (Tryin', tryin', tryin')
I been tryin', tryin', tryin' (Tryin', tryin', tryin')
I been tryin', tryin', tryin' (Tryin', tryin', tryin')

Uh, lately I've been tryin', I'm what's best for you
Subtractin' all the times I got you cryin'
She said, "You better behave after your shows"
I said, "I will", she thinks I'm lyin'
I'm shit at sayin' how I feel, so I just put it in my writin'
She don't care about the flashy shit I'm buyin', 'cause she's in her bag
On her own timin', in person we be vibin'
Pretty face, and just the face alone got me risin'
How you want it?
From the back? Or is you climbin'? Is you ridin'?
Gotta have my drillers outside if we go on a date
Everyone know my face
But, that's dead, get your passport 'cause we're goin' away
And don't listen to your bredrins
If I wanted, I could hit them all, they envy you, they're jealous
French tip for the win, give you dick, let's make a song
I never knew that you could sing
Tell me all your flaws and all the places that you haven't been
I love your eyes way more that you love the tattoos on my skin
We can do His or Hers, or She and Him
With no make-up, you make me feel like I'm a winner
Play time was fun before, now even more, your bum is bigger
If my nigga phones with a drop, course I'm gonna come
But when you start moanin' my government, I'm cummin' quicker
No need to be insecure
I'ma get you a pair too when I'm in the store
How you gonna reassure
Bottega, Balenciaga, or you want Dior?
Don't stress 'bout other hoes that can't get their foot through the door

I been tryna stay away from your good looks (Good looks)
But I been tryna stay up in your good books (Good books)
Got that recipe, I don't need no cookbook (Cookbook)
You already know that I got that good, good (Good, good)

I been tryin', tryin', tryin' (Tryin', tryin', tryin')
I been tryin', tryin', tryin' (Tryin', tryin', tryin')
I been tryin', tryin', tryin' (Tryin', tryin', tryin')
I been tryin', tryin', tryin' (Tryin', tryin', tryin')
