

Halibut

Claw Boys Claw

Mama - keep the matches out of sight
I wanna light myself - don't ask me why
Mama - I feel cold - so cold

Gas-o-line
I need gas-o-line

Broken nights are taking so long
driving me insane

Gotta ride until the morning comes
Driving while I'm drinking all night long
Waiting for the sun to rise

Gas-o-line
I need gas-o-line

Broken nights are taking so long
driving me insane - insane
