

# Easy Goin

Clay Walker

I know most goodbyes don't go down quite like this  
No angry words full of hurt fallin off her lips  
Just me standin here watchin her drive away  
Like she ain't got a reason to stay

It was too easy goin  
She didn't think twice  
Yeah her taillights  
They showed no signs of slowin  
No trail of tears  
She's makin it clear to me  
There's no catchin her car  
No catching her heart  
She's gone and she ain't comin back  
Cause it was too easy goin

Coulda sworn that I loved her a little bit better than this  
Yeah she's movin on, cruising on like there's nothin she'll miss  
With a smooth breeze blowin, her windows rolled down  
I don't think she'll be turnin around

Cause it was too easy goin  
She didn't think twice  
Yeah her taillights  
They showed no signs of slowin  
No trail of tears  
She's makin it clear to me  
There's no catchin her car  
No catching her heart  
She's gone and she ain't comin back  
Cause it was too easy goin  
Easy goin

It was too easy goin  
She didn't think twice  
Her taillights  
They showed no signs of slowin  
No trail of tears  
She's makin it clear to me  
There's no catchin her car  
No catching her heart  
She's gone and she ain't comin back  
Cause it was too easy goin

It was too easy goin  
She made it look easy goin  
Easy goin
