

# I Hate Nights Like This

Clay Walker

I thought I was healin' up  
I was doin' fine  
I felt like I haven't felt  
In a long long time

But it's funny how life can put you in a place  
Where you've been before  
And leave you lyin' there like a beggar  
Knockin' on the door

I thought I had escaped  
This pain in my heart  
But it knew right where to find me  
Like a ghost in the dark

That's why I hate nights like this  
It makes me want to be in love  
I hate nights like this  
When you can count the stars above  
And there's no one to kiss  
I hate nights like this

Well, it's alright, I'll be okay  
I'll just wait for the clouds  
Hit my knees, pray for rain  
Just fall down

Maybe the moon won't be so bright  
When it stairs into the sun  
Never know I got even  
When the morning comes

But I'll just deal with what I'm dealt  
Cool wind in my hair  
Standin' here waves crashin' in  
And the clean smell of salt air

You know I hate nights like this  
It makes me want to be in love  
I hate nights like this  
When you can count the stars above  
And there's no one to kiss  
I hate nights like this

You know I hate nights like this  
It makes me want to be in love  
I hate nights like this  
You can count the stars above  
And there's no one to kiss  
I hate nights like this
