

Love Is Like the Rain

Clay Walker

I spent some time out in the desert
Where hungry hearts wander round
And I've been lost in a flood of kissed
Now over my head about to drown

Love is like the rain
Leavin' you lonely
Washin' away the pain
That made you blue
Then it fades away
Leavin' a new day
Love is like the rain
Fallin' down on you

Does anyone know when it's comin'
Does anybody know when it goes
It's soft as dew upon the prairie
I'm burnin' a hole right through your soul

Love is like the rain
Leavin' you lonely
Washin' away the pain
That made you blue
Then it fades away
Leavin' a new day
Love is like the rain
Fallin' down on you

Love is like the rain
Leavin' you lonely
Washin' away the pain
That made you blue
Then it fades away
Leavin' a new day
Love is like the rain
Fallin' down on you
Fallin' down on you
