

Deep Inside

Claydee

I need your love, I need you tonight
I need you close, yeah baby cause I wanna play with you
Hey, got something to say, you wanna dance with me
I know what you need so baby come with me
Now is the time for you and me

Love it's a secret deep inside
And I feel the love tonight
Baby I... ah ah ah I wanna dance tonight
You know I want it, yeah you can feel it
I want it deep inside, deep inside
You want it and I want it
I want it deep, deep inside [x2]
You want it
I want it deep, deep inside
You want it, want it, want it [x2]

Yeah, I feel the heat, baby I can't deny
And I feel the fire, that's there for you and I
You're taking me high, I can't come down
Oh, the way that you move, you wanna dance with me
I know what you need, so baby come with me
Now is the time for you and me

Love it's a secret deep inside
And I feel the love tonight
Baby I... ah ah ah I wanna dance tonight
You know I want it, yeah you can feel it
I want it deep inside, deep inside
You want it and I want it
I want it deep, deep inside [x2]
You want it
I want it deep, deep inside
You want it, want it, want it [x2]
