

## Notayo (Be Mine)

Claydee

You know I travel the world  
Looking for answers inside  
You showed me what I deserve  
Future is there in your eyes  
Baby just show me the way  
Lost in your love everyday  
Not even words can explain  
No

I want somebody  
Not just somebody  
Give me a sign  
Could you be mine?  
I want somebody  
Trade all my money  
For just one night  
Could you be mine?

I know you travel the world  
Maybe you see me around  
Looking for damage and I  
Gotta get lost till we find out  
Baby just show me the way  
Get lost in your love everyday  
Not even words can explain

I want somebody  
Not just somebody  
Give me a sign  
Could you be mine?  
I want somebody  
Trade all my money  
For just one night  
Could you be mine?

I want somebody  
Not just somebody  
Give me a sign  
Could you be mine?  
I want somebody  
Trade all my money  
For just one night  
Could you be mine?
