

Affection

Clazziquai Project

I
Ain't got nothing
Without you
Ain't got nothing

I never thought I could love you for only
And I'm there to tell you this and I know
Give it up
Come on and give it up
Give it
Give it up
Give it up

Cause love is affection
And I don't want to let you go now
In my reflection
The only beautiful my emotion
To be the protection
Between the confusions of my head
'Cause you're a connection
The only link to my devotion la la

To open up your mind it ain't got much of time
Hope you feel my love so don't say no
'Cause I know, 'cause I know

We can work it too
Stay forever in the big town happiness

To open up your mind it ain't got much of time
Hope you feel my love so don't say no
'Cause I know, 'cause I know
We can work it too
'Cause I know, 'cause I know
Got to work it too
