

Night Stage

Clazziquai Project

When the lights go down there is no sound
And the night becomes a shining stage
Now we gather around and play our songs
Then my honey come and dance with me

And the stage is hot with boys and girls
Ready to stay here all night long
The mood goes up and down with us
My honey come and dance with me

Music is right cool
No one stands deep don't
I am a new man cool
Let me hear the world cool

When the lights go down there is no sound
And the night becomes a shining stage
Now we gather around and play our songs
Then my honey come and dance with me

And the stage is hot with boys and girls
Ready to stay here all night long
The mood goes up and down with us
My honey come and dance with me

I am a new man cool
To make you fine and feel the same
I am a star rise feel
To make you fine to feel like me

I am a new man
I am a star rise

Give me love, this is right, let me love, this is fine
This is how, this love goes, we will try, do me love so
Give me love, this is right, let me love, this is fine
This is how, this love goes, we will try, do me love so

I am a new man
I am a star rise

I am a new man cool
No one stands deep don't
I am a star rise cool
Let me hear the world cool

I am a new man cool
No one stands deep don't
I am a star rise cool
Let me hear the world cool

I am a new man
