Clazziquai Project

(I like that.)

It feels like summer breeze
When I wake up in the morning.
Let me tell you that my love has begun.
I want to love you more
Everyday and every moment;
Promise me you never leave, yeah~

I know we'll be okay
Cuz I know you will be around.
Just wanna tell you
You're like my brightest star.
I fill my heart with you;
I can't stop thinkin about you.
Let me tell you once again,
I'm in love with you.

It feels like summer breeze
When I wake up in the morning.
Let me tell u that my love has begun.
I want to know you more
Everyday and every moment;
Promise you will never leave, yeah~

I know we'll be just like
Cuz you know I will love you more.
Just wanna ask you,
Will you be my loving soul?
I fill my heart with you;
I can't stop dreaming about you.
Let me say it one more time,
I'm in love with you.

You fill my heart and soul;
I'm in love~

You dont know how I feel when you smile at me like
that.
Can u see that you are the one to bring me back to
life, ooh~

(I like that.)

It feels like summer breeze
When I wake up in the morning.
Smiling, shining, loving, that's what we are
Love tht you give to me,
It's like a little whisper,
Will u evr sing with me? yeah~

I know we'll be alright
Cuz we know we'll be in love.
Just want to let us
Have time of our lives.
It's time for you and me;
God knows that we are deep in love.

Come and take a walk with me.
I'm in love with you;
I'm in love~

You don't know how I feel when you smile at me like
that
Can you see that you are the one to bring me back to
life, ooh~

Everytime you come around every time you smile at me.
Everytime you come around can you tell me you love me.
Everytime you come around every time you smile at me.
Everytime you come around you love me you love me.
