The woman you see in your dreams is beautiful
Because she shines more than anyone
However, she's not a flower stopped at the highest point
(It's true)

Hey there, older brother
I hate just watching

You need to be more forceful ("attack")
And I want your real feelings
(Come on)

Check check check
Check it out, my face every morning
Staring with the mirror "hey, what's up?"
Even for a moment you won't leave my mind
Do you also have meetings with fate?
Romantic love tick-tacks
But of course I know
The gossip is no good
All the others are dreaming girl

Hey, don't say that I'm embarrassed
You're looking straight at me
Let's get that dazzling smile

Hey, we're unexpectedly normal people
If you reach out your hand, we'll shake shake, hands
Let's share the happy

"Everybody, shall we go?"

It wasn't ill-intent, it couldn't be helped
Forgive me, okay?

"But until the end, we'll be together"

Do y-y-y y-y-y you like
The person you see in your dreams?

See us together, too?
