I wonder why? even though I'm happy  
If you ever notice, hey, I'll sigh  
Isn't it kinda strange? every time we fight  
Somewhere in my heart I get happy

These sweet days are nice, but  
Everyday I'm growing bored of it

So let's give me some  
Sweet sweet spice into us  
You can try me just a little bit  
I want to make my heart race

Chocolate spice it's oh so nice  
(I want to make my heart race)  
Chocolate spice it's paradise

You heal me with  
Your smile that seems to melt, but  
Is it good to continue this gentleness? or bad?  
Listen to your true heart

That mean face you sometimes show me  
The truth is, I don't hate it

So let's give me some  
Sweet sweet spice into us  
You can try me just a little bit  
I want to make my heart race

Chocolate spice it's oh so nice  
(I want to make my heart race)
