

HELICOPTER

CLC

I go up, HELICOPTER
Then I make hella noise for the take off
I go up, HELICOPTER
Never give up like a pilot

See me all-all day
Yeah watch me paint-paint-paint
Pull all this color from the wonders
Of my bray-bray-brain
I keep my eye on the prize ayy
Keeping my eye on the sky ayy
Honey, wherever I go, I'm watching the door
Cuz I got goals, looking for more
I want it all

I'm in the zone, I'm in the zone
I'm free up here yeah
I want it more, I want it more
You 'bout to see me

Fly in the sky for a chance at the gold
Nobody's ever been
Now let me show you shining road

I'm spinning now
And I can finally see those hidden places
I know that we'll make it to the top
Just following our heart
We just gotta have a little patience yeah

Feeling so good, feeling so good yeah
Shining so bright, shining so bright
Star in the night yeah
We won't be lonely at the top
Cuz the journey don't stop
No matter what we're taking it higher

I go up, HELICOPTER
Then I make hella noise for the take off
I go up, HELICOPTER
Never give up like a pilot

Come with me, ain't afraid of no danger
I got you, you got me and we gon' rise up
HELICOPTER never give up
I'm a pilot

Go outta control, outta control
That's what I want
Go outta control, outta control
That's what I want
Above all these clouds we all the way out
A brand new generation and no we ain't afraid

I go up in the sky
All I need are my ride-or-dies
We roll never stop on our way to the top

Looking down on all of these lights
I had all these doubts
But I went and kicked 'em out
And I made lemonade out of these lemons
In my mouth umm umm umm

I'll figure it out
Cuz all my idols made it look so easy
And if they made it all that far
Then I can be a star
And I'll shine for everyone who's with me here

Feeling so cool, feeling so cool yeah
Breaking the rules, breaking the rules
Breaking the rules yeah
We won't be lonely at the top
Cuz the journey don't stop
No matter what we're taking it higher

I go up, HELICOPTER
Then I make hella noise for the take off
I go up, HELICOPTER
Never give up like a pilot

Come with me, ain't afraid of no danger
I got you, you got me and we gon' rise up
HELICOPTER never give up
I'm a pilot

(Oooooo) Here we go, here we go now
(Oooooo) Where're we goin', where're we goin' now
(Oooooo) Here we go, here we go now
(Oooooo) Where're we goin', where're we goin' now

I go up, HELICOPTER
Then I make hella noise for the take off
I go up, HELICOPTER
Never give up like a pilot

Come with me, ain't afraid of no danger
I got you, you got me and we gon' rise up
HELICOPTER never give up
I'm a pilot
