I'm No.1 out of all the hot girls around you
Our chemistry explodes, only you & me
My heart is burning up eh eh eh eh eh

My sharp jawline, my cutting edge nose
My waist, legs, my fatal hip line
Why are you the only one who doesn't know? Stop playing dumb
Give me your cheek, you know, the special compliment

Tell me I need you I need u by my side
Tell me I need you, it's so frustrating with us
Love me, I'll only look at you, when you call me, call me
Honey, baby, darling and my boo

Don't you make me cry, I keep getting nervous
Don't you let me down, be a man Hey yo
Follow follow, catch me Boy

Your eyes and words seem uninterested, OK
Your veins, your arms, your shoulders
Who are you to have such high standards?
Your deeply paved dimples, why are you doing this? My heart's fluttering

Won Bin, Hyun Bin, they're all second to you
Wanna come or not? You wanna keep this only as a some?
We're meant to be, I'm here for you
Eh eh eh but my heart is now

Tell me I need you I need u by my side
Tell me I need you, it's so frustrating with us
Love me, I'll only look at you, when you call me, call me
Honey, baby, darling and my boo

Don't you make me cry, I keep getting nervous
Don't you let me down, be a man Hey yo
