Come out, come out, gold, nope
Come out, come out, silver, nope
Come out, come out, you
Ta-da, nice

Come out, come out, gold, nope
Come out, come out, silver, nope
Hurry and come out
Ta-da, yes yes

Knock knock, come out now
Look at me
See if you won't fall for me
I guess he didn't know me
Now look carefully
All the things I need to take from here
I will take
I'm gonna take you away

Do you know how I feel?
I saw your heart
This isn't the first time
So why are you so shocked?

My hot body and eyes
Make all eyes stop on me
But why don't you know?
You want me too

Stop it, I know everything
Stop pretending you don't
Are you listening? Appear before me
Look at me

Actually, I'm a bit nervous
It's taking too long
Take me away immediately
Hurry and come out

Come out, come out, gold, nope
Come out, come out, silver, nope
Come out, come out, you
Ta-da, nice

Come out, come out, gold, nope
Come out, come out, silver, nope
Hurry and come out
Ta-da, yes yes

Look at me
You're playing hard to get
I'll hug you tight
You're not listening to me
Look at me

Stop acting so tough
You'll regret it later
Try playing me more

You still don't know the real me
I'll show you, there's still so much
Without even knowing my heart, don't hide from me
I can't wait anymore, come inside

Your eyes are so ecstatic when you look at me
It makes my heart stop
But why don't you know?
I see that you want me too

Stop it, I know everything
Stop pretending you don't
Are you listening? Appear before me
Look at me

Actually, I'm a bit nervous
It's taking too long
Take me away immediately
Hurry and come out

Come out, come out, gold, nope
Come out, come out, silver, nope

Look at me
You're playing hard to get
I'll hug you tight
You're not listening to me
Look at me
Stop acting so tough
You'll regret it later
Try playing me more

Should I make some changes?
Should I go to him and hug him?
Should I make things more clear?
Without hesitating
Let's make it hot
Umma
