I hate you I love you  
□ □ □□□

It might be nothing  
But these days, I get nervous when I see you  
Why, why, why, it might not be true  
Why, why, why, it might not be true

Even if you take your eyes off of me for just one second  
That makes me mad  
I don't know, don't know, why am I acting like this?  
I don't know, don't know, why am I acting like this?

Did my growing feelings tire you out?  
I feel like you've gotten farther away  
I never knew

Where are you? You didn't call me  
Where are you? How many times have I asked you?  
All day, I'm waiting for you  
But you don't know my heart

Where are you? I need you right now  
I might get tired too  
All day, my phone used to ring  
I miss the you from the beginning

Where are you? Where are you? I keep getting nervous  
I hate you I love you  
I'm alone again

When I was alone, you came to me first  
I wasn't interested but you shook me up  
If you're gonna end up like this, why did you do that?  
If you're gonna end up like this, why did you do that?

You said you were different from other guys  
I used to push you away but you held me tight  
Love me more Love me more  
Like the beginning  
Love me more Love me more  
Like the beginning

Did my growing feelings tire you out?  
I feel like you've gotten farther away  
I never knew

Where are you? You didn't call me  
Where are you? How many times have I asked you?  
All day, I'm waiting for you  
But you don't know my heart

Where are you? I need you right now  
I might get tired too  
All day, my phone used to ring  
I miss the you from the beginning

So pointless, in your face  
Now I'm used to the fact that you have no emotions toward me  
I don't expect anything else  
I'm already open to lies so please just look at me

You, tell me it's all a misunderstanding  
I need you I want you  
I miss the times you looked at me and smiled  
Run to me right now and hold me

Where are you? You didn't call me  
Where are you? How many times have I asked you?  
All day, I'm waiting for you  
But you don't know my heart

Where are you? I need you right now  
I might get tired too  
All day, my phone used to ring  
I miss the you from the beginning

Where are you? Where are you? I keep getting nervous  
I hate you I love you  
I'm alone again
