# I Surrender

**Clea**

I used to think that love could never take a hold
Spin a line round me.
It feels so natural to give in to you
Give in to my needs.

But clearly i'm not thinking too straight,
Honest and True.
I'm not really handling this,
What else can i do?...

But Surrender
Don't be tender,
My heart is on the line.
Dont be tender,
Dont make me want what can't be mine.
I'll Surrender
Don't be tender,
My heart is on the line.
Don't be tender,
Don't make me want what can't be mine.

It's all so bittersweet, your touch lingers on,
Even after you're gone.
Theres no escape from me, i'll give in to you
Give in to my needs.

But clearly i'm not thinking too straight,
Honest and True.
I'm not really handling this,
What else can i do?...

But Surrender
Don't be tender,
My heart is on the line.
Dont be tender,
Dont make me want what can't be mine.

Do you miss me baby?
Do you miss me baby?
Do you miss me baby?

But Surrender
Don't be tender,
My heart is on the line.
Dont be tender,
Dont make me want what can't be mine.
I'll Surrender
Don't be tender,
My heart is on the line.
Don't be tender,
Don't make me want what can't be mine.

Do you miss me baby?
Do you miss me baby?
Do you miss me baby?

Do you miss me baby? (Cos i surrender to you)

Do you miss me baby? (I will i surrender to you)
Do you miss me baby? (Cos i surrender yo you)
(I will i surrender to you)

I will i surrender to you
