

Keep It Cool

Clea

Woooo
Yeah

I was born for this, its my mission
deliver my lines with superb position.
Check my vision, it lies perfect on my time
think i'm through? hell no! i've just begun.
You saw my kindness as my weakness
masked your jealousy as your sweetness.
??? trusted that emotion, admit i had the notion
when you displayed your fake ass devotion.

I'll never grow weary of proving you wrong
never get tired of hearing my voice.
Make a noise, if you could swap with me you would!
trade tongues with me if ya could!
But i'm convinced you'll get yours someday
thats the way the story goes, anyway!
I'ma continue no matter what everyday
cos when i got the flow, i got the flow, i got it all
the way.

I keep it down i keep it cool
you people think that i'm a fool.
It doesn't matter what they say
we, we, we do our thing.
I keep it down i keep it cool
you people think that i'm a fool.
It doesn't matter what they say
we, we don't give a damn.

Ahhh, Yeah.
Come on!

Listen up i got afew things i wanna say
i'm tired of you bringing me down but hey ok!
???? trusted that emotion, i admit i had the notion
when you displayed your fake ass devotion.
But i'm convinced you'll get yours someday
thats the way the story goes, anyway!
I'ma continue no matter what everyday
cos when i got the flow, i got the flow, i got it all
the way.

Don't you try to play me out,
Did you really think i'm not able to make it to the
top?
No you can't bring me down, bring me down, bring me
down. (no)
Come one, come on, come on, come on

I keep it down i keep it cool
you people think that i'm a fool.
It doesn't matter what they say
we, we, we do our thing.
I keep it down i keep it cool
you people think that i'm a fool.

It doesn't matter what they say
we, we don't give a damn.

No matter what they say
No matter what they do
I will always stay the same.
No matter where i go
No matter what i do
I will always be the way i am. (come on, come on, come
on, come on)

I keep it down i keep it cool
you people think that i'm a fool.
It doesn't matter what they say
we, we, we do our thing.
I keep it down i keep it cool
you people think that i'm a fool.
It doesn't matter what they say
we, we don't give a damn.
