

Garth Must Be Busy

Cledus T. Judd

I'm his biggest fan, since I heard "The Dance"
His music's meant the world to me
'Cept that Chris Gaines CD
Since he's been gone, it's been too long
Since I've heard a song like "Thunder Rolls"
Or that "Rodeo"

I know he's in Oklahoma, yeah, with Trisha and his kids
Is he ever gonna put an album out again
Garth must be busy

He'd always sign, when the show would end
He'd grab a pen and stay all night long
Till the line was gone
He says he's through till his daughters are grown
And out on their own, he ain't coming back
Come on, just one track

He's got friends in low places that want to hear him play
But he won't even show up at the CMAs
Garth must be busy

And I know in the big picture, I'm just another fan
And Garth's got better things to do like drive that minivan
And my unanswered prayer is just to hear him sing
We're begging him to come back, but he ain't listening
Garth must be busy

Country Weekly news, ain't much changed
It all sounds the same since he went home
'Cept Kenny Chesney's grown
He loves his little girls, so don't hold your breath
Buddy, you can bet he won't go out on the road
He'll have to work, y'know

And his label's still mad at him for the slump in record sales
But he just tipped his hat and told 'em to go to hell
Garth must be busy

And I know in the big picture, I'm just another fan
And Garth's got better things to do like drive that minivan
And my unanswered prayer is just to hear him sing
We're begging him to come back, but he ain't listening
Garth must be busy
