

Gold

Cleo Sol

I believe that your love is gold
I receive that your love is gold
'Cause I believe that your love is gold
I receive that your love is gold

More precious than silver, you're gold
Focus on your dreams and go
I know it's hard for you to trust
Fear will slow you down and not help you grow
But what do I know?

I believe that your love is gold
I receive that your love is gold
'Cause I believe that your love is gold
I believe that your love is gold
I believe that your love is gold
I receive that your love is gold
'Cause I believe that your love is gold
I believe that your love is gold

'Cause we gon' keep on smilin'
'Cause it's hard, but we'll work it out
Stars will make you stronger
'Cause it's hard, but we'll work it out

I believe that your love is gold
I receive that your love is gold
'Cause I believe that your love is gold
I believe that your love is gold

I believe, I-I believe
That your love is gold
I believe, I-I believe
That your love is gold
I believe that your love is gold

I believe that your love is gold
I receive that your love is gold
'Cause I believe that your love is gold
I believe that your love is gold
I believe that your love is gold
I receive that your love is gold
('Cause we gon' keep on smilin') 'Cause I believe that your love is gold
I believe that your love is gold
(We gon' keep on smilin') I believe that your love is gold
I receive that your love is gold
('Cause we gon' keep on smilin') 'Cause I believe that your love is gold
I believe that your love is gold

I believe that your love is gold
I receive that your love is gold
