

Music

Cleo Sol

Take your hands and pray
Dreams move fast, don't wait
But life is yours, don't let them take that away
Free your mind today

We found us, we found love
We found us, we found love
We found us, we found love

We will find our way
Love will keep us safe
Life's simple, so don't complicate
Free your mind today

We found us, we found love
We found us, we found love
We found us, we found love

Dangerous
You're in my mind
Controlling me
One last time
I don't like it
But I can't fight

Dangerous (Dangerous)
You're in my mind (In my mind)
Controlling me (Controlling me)
One last time
I don't like it
But I can't fight

Dangerous (Dangerous)
You're in my mind (In my mind)
Controlling me (Controlling me)
One last time
I don't like it
But I can't fight

Dangerous (Dangerous)
You're in my mind (In my mind)
Controlling me (Controlling me)
One last time
I don't like it
But I can't fight
