

# Promises

Cleo Sol

Promise I made was to love myself  
Sometimes, I lie to myself  
Where you going? No one knows  
It was perfect in my head  
Things are changing, but I'm still here  
Wrote down these words  
And it seems so clear  
You was the one who said, "Believe in love"  
We get closer, but not close enough

Why'd you have to leave?  
Why'd you have to go?  
Why'd you have to go?  
Oh, I can't do this anymore  
Why'd you have to leave?  
Why'd you have to go?  
Tell me that I meant something to you  
Oh, I can't do this anymore  
(Oh-oh-oh)  
(Oh-oh-oh)

I wrote a letter to myself and it was full of promises  
One for you and one for me  
Love is not our enemy  
I wrote a letter to myself and it was full of promises  
One for you and one for me  
Love is not our enemy  
(Oh-oh-oh) Oh-oh-oh

Need some distance from you  
I just disappoint you  
Need some distance from you  
I just disappoint you  
Need some distance from you  
I just disappoint you  
Need some distance from you  
I just disappoint you
