

## Rewind

Cleo Sol

I was chasing  
A lonely feeling  
All these hurdles  
Fell in a puddle  
Lost my mind  
Lost in time

I was on my own  
And Mary didn't know  
And I couldn't call Flo  
He was stuck in the studio  
Had the incense burning (Incense burning)  
And the neighbour's boyfriend (Neighbor's boyfriend)  
Was always barking (Always barking)  
About nothing (About nothing)

Sleepless nights (Sleepless nights)  
The deepest cries (Deepest cries)

Femi's hype now  
She said "Let's go out"  
But she wasn't to know  
My account said zero  
Zero, zero  
Zero, zero

I prayed for change  
Somehow it came  
I learned my lessons  
And embraced my blessing

Good things take time (They take time)  
Keep on trying (Keep on trying)  
It's alright (It's alright)  
Don't press rewind (Don't press rewind)
