

# Try and You Try

Cleo Sol

When all is gone to grey  
The yellow from the rays astray  
Under my feet are stones  
That chill my body to the bone  
As the mist falls heavenly  
The cats haven't fallen asleep  
Over the mountain a smile  
Lord it's been a while

You try and you try and it goes  
You try and you try but it goes  
You try and you try but it goes  
You try and you try but it goes

I walk towards the light  
While everybody's still trying to fight  
I got my armour, I'll protect  
If anything becomes a threat  
There's a fire within  
Just get me through all the struggling  
Can't put my finger on it, but I know  
Cause I feel your rhythm echo

You try and you try and it goes (It goes)  
You try and you try but it goes (It goes)  
You try and you try but it goes (It goes)  
You try and you try but it goes (It goes)

You try and you try but you grow  
God I'm looking for the things I've learnt  
And just when you think that you know  
Boy you hit me with another blow

It's okay cause I'm strong though, wait  
I'm strong though, wait  
I'm strong though, huh  
I'm strong, I'm strong  
I'm strong though, huh  
I'm strong though, huh  
I'm strong, be strong, be strong

And you lost your way  
And you lost your way  
And you lost your way  
And you lost your way  
And you lost your way  
(Try and it goes)  
And you lost your way  
(Try and it goes)  
And you lost your way  
And you lost your way  
And you lost your way

You try and you try and it goes  
You try and you try when it goes  
You try and you try when it goes  
You try and you try when it goes

You try and you try when it goes

You're trying

You're trying

You're trying

Try, try

Try

Try
