

## calling it off

cleopatrck

Whether you're drunk  
Or you're fallin'?  
In love  
Or you're calling it off  
It's all the same, man  
Life's rough  
And it's a shame, man  
It ain't enough  
Just to say that you fucked up  
Cause you're just saying that  
To get lost, get owned, get stoned, get stung  
You're chewing on your cheeks  
Wondering where it went wrong  
And I know  
And I know  
And I know  
And I know  
Don't you love when a good plan turns to shit in your hands?
