

Easy
It's a simple pattern
Sweetly
I know where you wanna go

It's not enough earth to hide it from me
Chew your food or I'll do it for ya

Lately
It's been hard to stomach
You're leaking
Still hum along like Erol would

When there's not enough earth to hide it from me
Chew your food or I'll do it for you

What's ours is mine
To ruin it all
Ruin it all
Ruin it all
Ruin it all

It's not enough earth to hide it from me
Chew your food or I'll do it for ya

It's eye for an eye
To ruin it all
Ruin it all
Ruin it all
Ruin it all

There's not enough earth to hide it from me
Chew your food I'll do it for ya
