

In comparison to him  
I'm just a peasant  
From the moment he stepped into class  
I felt my reputation slashed in half  
and stashed away beneath his presence  
"I'm the coolest thing you'll ever know  
so you can call me chromeo"  
cuz I'm lacking any awkward adolescence  
The kids smile from ear to ear  
as they learn he was held back a year  
for starting fights and failing all his lessons  
Lord with all my heart and all my youth  
I pray to be as cool as you

Hey now, any day now,  
who ever loved that loved not at first sight?  
Hey hey now, lost my way now,  
all through the day, and into the night

Hes got everything you wish you had to show  
All the highs and none the lows  
Hes the boys he's chromeo  
Everything you wish you had to show  
All the highs and none the lows  
Hes the boys he's chromeo

Now if chromeo says he needs a lover  
Then girls were boring any way,  
and maybe if I'm gay he'll say  
I'm cool enough to hang with in the summer  
School is pointless don't ya know,  
that's why i skip class with chromeo  
and we get high in his basement  
but I'm a bumner  
Cuz i say I don't like how it feels  
and chromeo says that's  
what appeals to him  
just don't appeal to my mother  
I guess that's just the way it goes  
Jumping bridge for chromeo

He's got everything you wish you had to show  
All the highs and none the lows  
He's the boys he's chromeo  
Everything you wish you had to show  
All the highs and none the lows  
He's the boys he's chromeo

Stranger things have been taken too far  
Oh chromeo  
Sweet chromeo  
Don't break my fuckin' heart

He's got everything you wish you had to show  
All the highs and none the lows  
He's the boys he's chromeo  
Everything you wish you had to show

All the highs and none the lows  
He's the boys he's chromeo
