

HAMMER

cleopatrck

Force me to the shoulder
Push me out the way
Sordid new world order
Put me in my place

Find me in the morning time
Tell me what to say
Drive me like you'd drive a nail
Hammer till I stay

Sticker on the pavement
Watch me through the phone now
You stuff it in my brain
I promise I won't let you down

Tell me what to say
Drive me like you'd drive a nail
Hammer till I stay

Twist me like a power drill
Turn me into place
Spin me in St Vitus dance
Trick me till I'm safe

I'm with it
I'm with it
I'm with it
I'm with it
I'm with it
