

## Dale Murphy

Clever

I'm at the bottom of a fifth  
Feeling like I'm down and it's the bottom of the ninth  
Girl, I let you tell me who I am  
Now, I'm just a man that I don't even recognize

I've been on a losing streak  
And loving you and losing me  
Now that I know who you are  
I remember who I used to be  
(Used to be)

I was Dale Murphy  
3 on my jersey  
Dirt on my cleats  
Girl, you can't hurt me  
I was rounding dirt round 3AM  
Sliding into home like I did back when  
I was swinging for the fences  
Playing in the backyard  
Since I was a youngster  
Always been an All-Star  
Before you came along, I was winning  
Now that you're gone, I'm going back to the beginning  
When I was Dale Murphy

Ain't no crying in baseball, I'm going downtown  
Playing for the play offs, onto the next round  
I know when you left you think you broke me  
But tonight I'm getting back to the old me

I was Dale Murphy  
3 on my jersey  
Dirt on my cleats  
Girl, you can't hurt me  
I was rounding dirt round 3AM  
Sliding into home like I did back when  
I was swinging for the fences  
Playing in the backyard  
Since I was a youngster  
Always been an All-Star  
Before you came along, I was winning  
Now that you're gone, I'm going back to the beginning  
When I was Dale Murphy

I'll buy me some peanuts and crackerjacks  
Ooo, I don't care if you ever come back
