

## i wish u wasn't there

Clever

But you're still in my head  
Yeah. You're still in my—

I wish that I could turn back the hands of time  
All the times we left behind  
All the dreams they tried to deny  
Take another one of these and you'll be fine, fine, fine

All the times we got caught, never switch up  
I was kinda thinking maybe we could reach out  
I got lost and never crossed with burning bridges  
Instead I point the middle finger at your bitches

But you're still in my head  
You're still in my—

I know it's been a while  
It might be a little longer  
But I'll see you on the other side  
Unless you went the other way  
And I'll keep hanging on, hanging on

Lately I've been hanging on to a moment  
Reaching out my hand  
I'm going through the motions again  
They ask me what I got in my head  
I wish you wasn't there  
I wish you wasn't there  
They ask me what I got in my head  
I wish you wasn't there  
I wish you wasn't there

Can't focus. Heart had turned frozen  
Off the doses. You already know this  
Dead roses, laying in my casket  
Rolling up the gas. Yeah  
Smoking to the ashes  
Here where you left me  
Head is all messy  
And I wish you wasn't there  
Smoking on sensee  
Tryna make sense of it  
Tryna make sense of it  
Yeah

I can't sleep at night  
When you're living in my mind  
I just can't rewind  
Lord know that I tried

I wonder if you care  
My heart's still unrepaired  
They ask what's on my mind  
But I just wish you wasn't there

Lately I've been hanging on to a moment  
Reaching out my hand

I'm going through the motions again  
They ask me what I got in my head  
I wish you wasn't there  
I wish you wasn't there  
They ask me what I got in my head  
I wish you wasn't there  
I wish you wasn't there
