

## Skittles

Clever

Got the push-to-start but I had to pull over  
If I beat another case, what's the score?  
If I beat another case, what's the score?  
When they get you for the Skittles and you pull over  
I don't wanna pull over anymore  
I don't wanna pull over anymore

I get on my grind all the time like the 12 on the watch, on my  
Rollie  
I keep twelve on the watch but they can't hold me, no  
I lost my rights to keep a tool, I pray they never tempt me  
'Cause if they play me for a fool, I'll bust it 'til it's empty  
Bitch, I'm a giant that's alive from the beanstalk  
You can throw shots now, I got me a slingshot  
Got the long arm of the law in a sling  
I don't even name, I just sling shots, let it ring, shot, yeah  
We don't really fuck with them 5-0  
Trying to pull me over up on the side road  
Got a light blade and I drive slow  
Got a black man in that car with me  
They treat me like it's just a drug thing  
It's just another couple thug thing  
Throw 'em in front of the judge thing

Got the push-to-start but I had to pull over  
If I beat another case, what's the score?  
If I beat another case, what's the score?  
When they get you for the Skittles and you pull over  
I don't wanna pull over anymore  
I don't wanna pull over anymore

Where I'm from, the garbage made us hard as we got used to viol  
ence  
I just lost my dog, this shit been hard, give him a moment of s  
ilence  
Before I go out soft, I swear, I'll start a riot  
Seems like we the only ones talkin', why everybody quiet?  
Kill him in cold blood, won't give a fuck about his mama crying  
I try to stay up so I won't dream about somebody dying  
We ain't askin' for much, it won't be nothin', this shit ain't  
rocket science  
And I'm little as fuck but I speak up to 'em like a giant  
I'm ridin' for us, it ain't no question, I done picked my side  
Before I take a chance and stop and lose my life, I'll keep on  
drivin'  
I get knocked down all the time, I get back up and keep on stri  
vin'  
They don't wanna see me lit, my only job's to keep on shinin'
