

# Throw Rocks At The Moon

Clever

I beg your pardon on the moonlight  
You can throw rocks at the moon, it won't reach  
Throw rocks of all sorts, they fall short, yeah  
I beg your pardon on the moonlight

Throw your stones, throw your dirt  
Through my lane, yeah  
Say what you want, bitch, I'm always wide awake, yeah  
Throw your stones at the moonlight  
Fly right past you, lose sight, yeah  
Bet you won't say that you do not  
When I beg your pardon

I beg your pardon on the moonlight  
You can throw rocks at the moon, it won't reach  
Lord it won't

I beg your pardon on the moonlight  
You can throw rocks at the moon, it won't reach  
Throw rocks of all sorts, they fall short, yeah  
I beg your pardon on the moonlight

Throw your stones, throw your dirt  
Through my lane, yeah  
Say what you want, bitch, I'm always wide awake, yeah  
Back in the day, the week in and out  
I live for the money, I live for the pound  
Never surrender, they just say what you wanted  
It was what you wanna say that might get you stoned

I beg your pardon on the moonlight  
You can throw rocks at the moon, it won't reach  
Throw rocks of all sorts, they fall short, yeah  
I beg your pardon on the moonlight

Throw your stones, throw your dirt  
Through my lane, yeah  
Say what you want, bitch, I'm always wide awake, yeah  
Throw your stones at the moonlight  
Fly right past you, lose sight, yeah  
Bet you won't say that you do not  
When I beg your pardon
