

Undressed

Clever

Well I asked her, "do you want it?" She said, "yes, sir"
So I picked her up and sat her on the dresser
I was trying to play it cool until I gave in
Well the phone kept ringing but I could not answer
Tangled in the sheets, she's a ballet dancer
And his hands started misbehaving

And I said, baby, we can wait till the honeymoon
We can take it slow like a rose in bloom
Or rip it off fast like a motel room
If you want to

But I wanna see you undressed
Oh baby, I won't ask unless you let me out
I wanna see you undressed
Lord, I must confess
You and me and your hair are in a mess
Baby, I'm ready

Well you're just the kind of girl I've been wishing for
Love to take you for a twirl on the kitchen floor
And the supper's getting cold, but the heat's still rising
Little barefoot dancing and I meet temptation
Caught between love and a sweet frustration
And I don't mean to rush but I just can't fight it

Baby, we can wait till the honeymoon
We can take it slow like a rose in bloom
Or rip it off fast like a motel room
If you want to

But I wanna see you undressed
Oh baby, I won't ask unless you let me out
I wanna see you undressed
Lord, I must confess
You and me and your hair are in a mess
Baby, I'm ready

(Come on)

But baby, we can wait till the honeymoon
We can take it slow like a rose in bloom
Or rip it off fast like a motel room
If you want to

But I wanna see you undressed
Oh baby, I won't ask unless you let me out
I wanna see you undressed
Lord, I must confess
You and me and your hair are in a mess
Baby, I'm ready
