

I believe in the power  
I believe in soul  
I believe in the power  
Of rock 'n roll  
I believe in the magic  
I believe in you  
I believe in us  
I believe our truth

Can you feel inside?  
Can you feel inside?  
But I feel inside [I'm falling]  
Can you feel inside? [I'm falling]  
In love with you

I believe in the power  
I believe in soul  
The power  
That makes me whole  
I believe in moment  
I believe we choose  
I believe in love  
I believe it's you

Can you feel inside?  
Can you feel inside? [I'm sorry]  
In love with you

World keeps spinning around  
Keeps spinning around [This is what you wanted]  
World keeps spinning around  
Keeps spinning around [(Crush) it if you want it]

Can you feel inside?  
Can you feel inside? [I'm sorry]  
In love with you

Spinning on the record  
When you're gonna purchase  
Dancing on a ticking bomb

Fucked-up music sounds so fresh  
We found love at the discotheque

We'll keep spinning around  
Keep spinning around
