

Don't Run Away

Client

Driving to the back of (being)
In the back of your new car
Night ride I'm
Leaving what you do best
Baby, don't get tired of this

Don't run away now

Die to be close to your home
Singing along
To the bitter love songs
Sleep now
With a smile on your face
Cos baby
Loneliness awakes

Don't run away now

Don't you run away
