Client

How can you tell
All of the things you want
How could you not
All of things (else) (then say)

Half my mind I give myself away
I feel this (pain), got a (face on)

Give myself away now

Playing it safe
To survive, disguise
(Are) (a new) life
Feeling the pain inside

Half my mind I give myself away
I feel this (pain), got a (face on)

Give myself away now

I give myself away now
Because (you) ... (my) ... now
I will not walk away now
(For nothing I foreseen)
