

Brumburger (Finale)

Cliff Richard

Brumburger, Brumburger
Now if you get tired of the places you've been to
Here is a chance to open your eyes to something new
We guarantee that you will be in the best of hands
Some come on, get on your feet
And give your belly a treat tonight

Brumburger, Brumburger
Soon as you been through the door
You will know it's been worthwhile
You'll get the best there is
And you'll get it with a smile

No need to wish 'cause you're every dish is our command
If you say you never had your fill
Take it from me you will tonight

So rich or poor, king or clown
We bid you welcome and we wish you well
And if you found we suit your style
Then may we ask you
Be sure to tell your friends, your friends

Rich or poor, king or clown
We bid you welcome and we wish you well
And if you found we suit your style
Then may we ask you
Be sure to tell your friends, your friends

So rich or poor, king or clown
We bid you welcome and we wish you well
And if you found we suit your style
Then may we ask you
Be sure to tell your friends, your friends

Rich or poor, king or clown
We bid you welcome and we wish you well
And if you found we suit your style
Then may we ask you
Be sure to tell your friends, your friends

Rich or poor, king or clown
We bid you welcome and we wish you well
And if you found we suit your style
Then may we ask you
Be sure to tell your friends, your friends
