

# Can't Take the Hurt Anymore

Cliff Richard

Now that the past has ended  
My life's an open door  
I know that we could have been mended  
Oh but I can't take the hurt anymore

Can't take the hurt anymore  
Ooh ooh can't take the hurt anymore

The rainbow's over  
But I've seen it leave before  
A love that's been left in the corner  
Ooh cos I can't take the hurt anymore

Can't take the hurt anymore  
Ooh ooh can't take the hurt anymore

Lady Oh My Lady,  
Can't we find the right  
And leave behind the sorrow  
Lady Oh My Lady,  
Can't we find the light  
Bright enough to guide us

Can't take the hurt anymore  
Ooh ooh can't take the hurt anymore

This love grows older  
But I've felt it all before  
Yesterday's over my shoulder  
Ooh cos I can't take the hurt anymore

Can't take the hurt anymore  
Ah ah can't take the hurt anymore

My love I found has lost it's crown  
But I just can't leave it die  
I fool myself and no one else  
Cos I would if I could and I try

Can't take the hurt anymore
