

# Every Piece Of My Broken Heart

Cliff Richard

Summertime may never feel so cold  
I'm far from every moment that you're gone  
And my heart ain't never beat so slow, oh no  
I'm wondering where did it ever go

Help me now  
'Cause I'm stranded  
Can't fall down  
Any lower  
And I don't  
Understand it  
Need you now  
Need you now

I can't escape  
Oh no, 'cause every piece of my broken heart still loves you  
I won't be OK  
Won't be OK till every piece of my broken heart's over you  
Don't throw it away  
Every piece of my broken heart  
Every piece of my broken heart  
Every piece of my broken heart

My broken heart  
Keep the plan and pictures in my mind, oh yeah  
Can't remember to forget and leave you behind  
Can't move forward living back in time  
I can't move on no matter how I try

Help help  
Help me now  
Cos I'm strand  
Can't fall down  
Any lower  
And I don't  
Understand it  
I need you now  
I need you right now

And I can't escape  
Oh no, cos every piece of my broken heart still loves you  
I won't be OK  
I won't be OK  
Till every piece of my broken heart's over you  
Don't throw it away  
Every piece of my broken heart / every piece  
Every piece of my broken heart  
Every piece of my broken heart / every piece

My broken heart  
And I can't escape  
'Cause every piece of my broken heart still loves you  
I won't be OK  
I won't be OK  
Till every piece of my broken heart's over you

And I can't escape

No no no cos every piece of my broken heart still loves you  
I won't be OK  
Oh no till every piece of my broken heart's over you  
Don't throw it away  
Every piece of my broken heart  
Every piece of my broken heart, don't throw it away  
Every piece of my broken heart, don't throw it away
